3rd Phoenix Cup Charitable Hiking Championship

About Air Monitor

Air Monitor is an approved charitable institution under Section 88 (Cap. 112) (Our reg. number 91/7962). Donation to a charitable institution is tax deductible. We concern the air quality and pollution in Hong Kong. So, the Air Monitor has organized various school and public education programs to arouse public awareness of environmental protection and conservancy.

Phoenix Cup Charitable Hiking Championship

The beautiful scenery of Lantau Island is one of the reasons for the Air Monitor to choose this route for our “Phoenix Cup Charitable Hiking Championship”. Another consideration is that the North Lantau including Tung Chung, once a hiking and tourist hotspot is suffering from air pollution in recent years. The Air Monitor intends this event not only bringing along participants but also public concern there.

As such, one of the purposes of the “Phoenix Cup Charitable Hiking Championship” is a challenge to personal ability and team spirit in hiking. Also, it is a fundraising program of our organization for the environmental education, protection and conservancy projects. When there is a way of hiking, there is a will of clean Air. We wish you a happy and memorable hiking there.

In 2007, we successfully held the 1st Phoenix Cup with your appreciation and support. With the valuable experience gained, we promise a better arrangement and service this year. The Air Monitor cordially invite your participation and let it be a remarkable journey!
